THE STATE FAIR GROUND.

The Carson Tribune remarks: The Board of Directors are entitled to great credit, not only for the present condition of the race track, the stables and other arrangements connected with and other arrangements connected with the Fair grounds, but for their forceight in the purchase of such property for the State, for notwithstanding what has been written by envious parties con-cerning it, no one who has visited the property will deny the fact that if the whole State had been searched no such whole State had been searched no such land could have been purchased, and

land could have been purchased, and to-day a dozen moneyed men stand ready to purchase the property should an appropriation be denied by the coming Legislature for that purpose.

Remarks have been made concerning the grade of the track, with the intention of deceiving the public, but race men now on the ground pronounce it the very best they ever worked horsee over and the home-stretch equal to any in the world and far superior to most on the Pacific Coast. New as the track is, the Pacific Coast. New as the track is, the Facine Coast. New as the track 18, there is no better on the coast, and before, another Fair season commences will be superior to any and all. There are but a few yards of the track where the sign of rocks can be found, and that will be clear of even convention that will be clear of even gravel in another year, and unlike the old race track the soil is not filled with alkali, and racing men are not afraid to ran their valuable horses on it, as they were on the other.

The Directors secured all the water needed for irrigating purposes, and by its means the whole ground inside the track fence can be made to produce al-falfa sufficient to pay all the cost of running the property. There is ample room outside the race in ck for all the vehicles that can possibly be brought together, also for the various games

common to Fair times.

The road from town to the grounds is three-quarters of a mile in length and kept in good order for driving or walking, in short the new Fair grounds and overything connected with them is iumeasurably superior to the old grounds, and so say all who visit them. But a and so say all who visit them. But a few of the party interested in Bowman and the old Fair ground can be found in Reno or the surrounding ranches, who do not entirely agree with what is written above, in fact the ideas expressed are mainly gotten from ranchers and race stock owners.

and race stock owners. It is a well known fact that some Nevada and California race men expressed their determination last Fair time to run no more horses on the Bowman track, and these men are to-day not only pleased with the track and other arrangements, but they are ready and willing to purchase the property if

needs be. It is useless for the Bowman charge such men as Theo. Winters, Fred Dangberg, T. B. Rickey, Bailey, Marzen, C. C. Powning, Al. White and others, with unfair or dishonest work in connection with the purchase of the property on which the State Fair is now held, for they are too wall known and too deeply interested in the county and State to act in any way to the injury of either. The majority realize that the Directors have acted wisely and well, and will stand by them now and in the and will stand by them now and in the future, and when once a visit is paid to the new grounds the dictum of all is well done, good and faithful servants of the public." You have done nobly, Messrs. Directors, and the people of the State will stand by you.

THEY ARE ALL RIGHT. All Wool'and A Yard Wide.

Charles McQuary, of Arthur, Pike county, Ind., a life-long Democrat and a man of considerable influence, has written to the Evansville Journal saying that he will henceforth affiliate with the Republican party.

The Hop. J. R. Bennett, of Waco, editor of the Southern Mercury, organ of the Farmer's Alliance of Texas, and heretofore a prominent Democrat, now casts his fortunes with the real friends of the farmers, and is a Republicau candidate for the Legislature.

Benjamin F. Rogers, a life-long Democrat of Spencer, N. Y., and who was an ennest supporter of Cleveland when running for Governor and President, has announced himself as in favor of the Republican ticket. He was a solution to the Harrison and was the dier under Gen. Harrison, and was the recipient of unusually kind treatment at the hands of the indiana General.

Maj. N. M. Booth, a prominent Democrat, of Evansville, Ind., and for years manager of the Western Union there, has denounced the Democratic party and will benceforth affiliate with the Republicans. He announced his inten-tion on the street in the presence of a large crowd, several of whom were leading Democrats. The effect was like the explosion of a bombshell and has created consternation in the ranks.

Frank K. Clement, for the last three ears delivery clerk at the Postoffice in years delivery clerk at the Postomics in Petersburg, Va., has handed in his resignation, which is to take effect the let of next month. Clements was at one time Democratic. Registrar of the Second Ward, and he surrendered his present position because he feels it his duty to vote for Harrison and Morton instead of or Cleveland and Thurman.

In delicate health, and all who suffer from habitual constitution, will find the pleasant California liquid fruit remedy, Syrup of Figs, more easily taken and more beneficial in effect than any other remedy. It acts promptly yet gently on the Bowels, Kidneys, Liver and Stomach, and does not sicken or debilitate. Sold by Wm. Pinniger, Reno.

This powder never varies. A marvel of purity, strength, and wholesomeness. More eccnomical than the ordinary kinds, and cannot be sold in competition with the multitude of tow test, short weight, alum or phosphate powders. SOLD CALVIN CANS.

NEW ORLEANS, La. I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

NEVADA THEATER. - The largest and most fashiouable audience of the week greeted the players who appeared in the great temperance lecture depicted in the popular drama of "Ten Nights in a Barroom." Miss Lottie Wade, who appeared as Willie Hammond and Mrs. Morgan, did full justice to her wellearned reputation as a versatile actress. Currie Clarke Ward as Mehitabel looked and acted as if she had just dropped in from "Way Down in Maine" Her song was enthusiastically received. Mr. James M. Ward, as the inebriate father, gave a strong and artistic picture of the poor degraded drunkard. R. C. White gave another proof of his character acting as the bloated landlord, Simeon Slade. W. J. Delano as Sample Switchel kept the audience in good humor with his Yankee drollery. Little May Booton as Little Mary Morgan, acquitted herself as usual with the case themselves satisfactorilly. To-night race; stakes and added money to be "Uncle Tom's Cabin" will be presented divided 60, 30 and 10 per cent. in which little Sadie Phillips will make ber debut as Eva.

McKissick's Opera House.-Another large audience ascembled at this popular place of amusement to see the melodrama "Time and the Hour." It is one of those interesting plays with a diversity of character thoroughly English. All the parts were well rendered and Mr. Warner as Sir Phillip Deverill showed how thorough an artist he is-the change from his "Ingomar" and Master Waiter being a surprise to those who had seen him in the former characters. To-night we have the greatest dramatic treat ever in Reno-Shakespeare's tragady, Othello, with Mr. Warner in his Durham bull calves under 1-year-old; great part, in which it is said he has no 14-year-old Polled Augus bull; 14-year- draft mares; 12-year-old draft mare. equal on the stage-secure your seats old Polled Augus cow; 1 3 year-old C. THE STATE FAIR.

A Grand Gala Day—Military Ec. view-Ten Mile Foot-Race-Fine Running-Fast Pacing-Lovely Weather,

Reno donned her most charming attire yesterday to receive and entertain her visitors, and looked as fresh as an April bud in primrose season. Nature's pictoresque garments were a handsome border for the artificial beauty that excited and pleased everybody, and the occasion will long be remembered. The usual crowd was augumented by thirteen carloads of human beings from Virginia and Carson, the advent of the militia companies and the closing down of many of the Carson business houses, serving to swell the crowd at the Fair Grounds, so that even standing room was at a premium. The grand stand was jammed and it was made apparent that an addition would be necessary in the future. Every team and vehicle in Reno was impressed into service.

### THE MILITARY REVIEW.

At 12:30 Governor Stevenson, as Commander-in-Chief, attired in civilian dress, bealed the militia as it marched on the track; with him were General Keating, Adjutant General Davis, General Juques, and the following staff officers: Col Boyle, W. J. Westerfield, O. H. Galusha, John Crosby, T. V. Julien, Geo. B. Hymers, C. W. Booton, E. B. Monroe, S. J. Hodgkinson, S. J. Bryant, Claude Jaques, all mounted. The Emmett Guard, of Virginia City, Capt. P. J. Dunne, with 60 men, followed be-

hind the mounted officers. Then came the Carson Guard, Capt. Geo. Hark, with 42 men, then the Reno Guard, Capt. R. H. Lindsay, with 31 men, and lastly, the National Guard, Capt. H. C. Gosse, with 45 men. The column passed in review before the officers. and were duly and properly inpected. After the inspection the teams repaired to the theoting guard, and carried

out that past of the programme. The Carson Guard made 386, the Emmett Guard 365, the Nationals 318, and the Reno team less than 300, but how much less will not go ou record. The first race of the day was the Nov-

elty run, in which Susie S., Haidee, Blue Bonnet and "J. M. R." started. The judges decided a dead heat between "J. M. R." and Haidee to the first half. Haidee was first at the mile, and Sume S. first at the finish, Haidee second, "J. M. R." third. Time :50, 1:45, 2:43. In the pools the several winners were the favorites, and there was some lively betting on each event.

The special race between Belmont Boy, Pocahontas and Valentine was one-sided the Boy winning it in three straight heats. Time 2:25, 2:27, 2:271/3. Pools sold \$20 to \$8 before the start. The Mutuals paid \$8 90, \$7 35.

The dash of five-eighths between Joe Courtney, Bronco, Ogzille and Ogalenn, was an easy victory for the Winters stable, Joe Courtney winning it in the good time of 1:03, the other horses coming in as named. Pools sold \$20 to

\$6. The Mutuals paid \$6 50. The dash of seven-eighths between Avondale, Blue Bonnet and Policy was won by Blue Bennet in 1:30. In the pools the field sold at \$20 to \$10 for Avondule. The Mutuals paid \$7 30,

Among the horses at the Fair gounns we notice a string of standard bred trotters of the world renowned Wilkes family. Three young stallions by Mam. brino Wilkes, from standard dams, and all registered in Wallaco's register.

It would be superfluous to say anything to the praise of the Wilkes stock, -year old Shorthern Durham cows; 3 as it atands pre-emment on the trotting 3-year-old Shorthorn Durham cows; 5 turl. After all, to produce a fine roadster is the and and aim of all breeding of trotfamily are without rivals, weighing generally about 1,200 pounds, of superly action and quiet disposition. They hanl the plow or wagon at a much faster gait than the ordinary work-horse, at the same time auduring the strain for longer hours each day. If one has business to attend to you can take such a at a rapid pace without injuring him in the slightest degree. This is a rare chance for the stockraisers of Nevada to to greatly improve the stock of the State as per advertisement. One of them can be purchased, and perhaps the owner could be induced to leave another on this side of the mountains.

### THE RENO FAIR.

The Town Gverran With Lewd Women, Pimps Tin-Horn Gamblers, Thieves and Tramps.

The Virginia Report, of Tuesday, hits some hard licks, by saying:

The purposes for which the Fair is ostensibly hold, are commendable, but the purposes to which it is prostituted are so vilo and degrading as to ment

the censure of overy decent person. Reno, to-day, will average more vice and depravity to the square inch than any other town on the face of the globe. It has become, and will continue for the week, to be the rendezvous of all the thiever, lewd women, pamps, etc., in Nevada, which, in conjunction with an immense influx of the same classes from California, makes the city a recking cosspool of corruption. The flagrand disregard of all rules of decency indulged in by these persons and their noxious presence in all parts of the town, make it impossible for people with a modicine of inerality to traverse the atreats, without having their bearing assailed by the coarsest and foulest utterances that can cumnate from these wrecks of manhood and womanhood No effort has been made by the police authorities of the city to restrict classes to any prescribed locality, for they pervade all portions of the town,

The human parasites—tip-horn gambless and sursthing men-who have past ten months in the various towns of Nevada through their "macing" pro clivities, are now in Rono looking for the unwary granger whom they may rob at "brace ouchs, eight-die," or some equally robbing game, or by the dextrous (?) manipulation of the pack (generally cold) in the numerous shortcard games into which the victim may be enticed. Thieres are "working" in the crowds at all points, and shoplifters are giving the merchants no end of trouble.

Still, our respectable population from ail over the State are attending the Fair, and to the members thereof we would suggest that they keep a tight gup on their pocketbooks and have nothing to do with the flashy strangers who seek to scrape an acquaintance.

### A YOUTHPUL TRAVELER.

A Four-Year Old Tot Starts Out Alone for the State Fatr.

The Virginia Report says:

On last Saturday avening the bright little four-year-old daughter of Mrs. Price remarked to her mother that children could go to the State Fair free, and she guessed she would go. Mrs. Price said "all right Carrie," little thinking that the little tot would put her thoughts into execution. An hour later the mother was alarmed at the absence of her baby and hurried to the depot. where she learned that Carrie had taken the train for Reno. PLATFORM AND RESOLUTIONS

E. T. GEORGE, of Lander.

The Republicans of the State of revada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and properous during the last quarter of a century.

Resolved. That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and properly is the most important political ques-tion awaiting solution by the American people.

Resolved. That a diminishing quantity of money reduces the price of labor and property increases the obligation of contract, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise.

Resolved, That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National banks, without repard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and lean to National banks without interest, is subversive of the rights of the people oppressive, unjust, and should be repudiated.

Resolved, That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or both, sa convenience may require, is imperatively demanded.

Resolved. That the attempt to substitute National bank notes, costing the Government militons of dollars annually, for free silver, costing nothing, is an outrage upon the neople; that the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fasudulently demonstrated silver and selzed the revenues of the Government for private speculation, shocks the moral sense of the people and destroys respect for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people.

Resolved, That we charge that President Cleveland is the willing tool or agent of a poworful money ring which intens the subsidies of the Government, makes war on silver, issues its paper currency at the expense of the Government, borrows the revenues ratised by taxation, and uses them without the payment of interest, contracts the currency to enhance the value of bonds, and enriches the naurers while it depresses the price of labor and property.

Resolved. That we favor the nomination of no man for President who is personally interested in National bunks or the bonned indebtedness of the United Slates, but we demand a cindidate whous freeting pustice to all the people of the country—the poor as well as the rich.

cradidate who is free to no justice to all the people of the country. The poor as well as the rich.

Risolved: 11 the trickery of the President and the divisors by which they prevented a vote in the cuse of hepresentatives on the Hegel silver amendment to the Bond purchasing bill, equals the villamy of the secret and fraudilent demonetization of silver in 1873.

Resolved. That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country, and to that end will protect the wageworkers competition with the cheap labor of other lands.

Resolved. That the polity of the Government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or the money trust, of which he, either as soon to head, is most active in defending.

Resolved. That we charge President Cleveland with violating every promise he made in favor of civil service reform, with cripping the mail services, with reads in the right necessary bills for the improvement vers and harbors, with using the power of he distress the protective tariff, with courting the good will of other nations at the expense of the distress to the United States, and with joining the foreign bencholders to demonetize silver and destroy the industries of our country, and tor the reduction of wages of the Mint employees at Carson for closing the Carson Mint when it was not only solf-sustaining but a source of revenue to the Government, for its contemptuous veto of pension bills for the relief of disabled soldiers and sailors, and for failing to sonstruct the Government building at Carson as required.

We are in favor of the absolute exclusion of Chinese, and the restriction of immigration, by which the present overcharged condition of the labor market is made worse, and also favor

When the in two of the absolute excitation of Ohinese, and the restriction of immigration, by which the present overcharged condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished.

We favor liberal appropriations by Congress for hydrographical and topographical surveys in this State to the end that the waste waters may be preserved for the purpose of irrigation.

State.

We are in fayor of re-opening the Carson Mint for coinage, and raising the wages of its employes to the standard paid by the last Republican Administration.
